

Scott Matics
Senior Product Manager
AJA Video Systems

Scott Matics is Senior Product Manager at AJA Video Systems responsible for desktop I/O products including the industry-leading KONA capture and playout cards and the Io Thunderbolt I/O devices including Io 4K Plus, Io X3 and T-TAP Pro.

Scott's past experience includes marketing management, sales and development positions, spanning the past twenty-eight years, including long stints at Grass Valley, Miranda and Telestream, working on broadcast and production automation, robotic camera automation, streaming media, hybrid cloud media processing, and other cutting-edge technologies for content multi-distribution for Internet and mobile initiatives.
